

Country Report from KIFFA Korea

A. TIACA(The Int'l Air Cargo Association) event :

- In 2014, the KIFFA and Incheon International Airport Authority will host jointly the cargo forum of TIACA in Seoul.

The main purpose of hosting this international forum is to secure more cargo and implement the utilization of airport facilities in trade free zone.

- Forum participants : About 1,000 local people from airlines, logistics firms, airport authorities and academic organizations.
- Exhibition participants : About 4,000 local people
- Registration fee : For non-TIACA member - US\$1,000 per people
- Others : TIACA members are free to participate
- Remarks : For more detailed information, you can check through home page(Incheon Int'l Airport Authority : www.airport.kr in 2013)

B. CASS issue :

On behalf of KIFFA members, we are strongly negotiating with CASS and national carrier to freeze the mortgage amount as of last year's criterion due to slow and tough realities of market. And also matter of collecting fuel surcharge at the destination.

The outcome is still hanging fire.
